

“whatever you did for one of the least of these
brothers and sisters of mine, you did for me”
-Jesus

*A gift has been made in your honor
to transform a life!*

Transforming lives through veterinary medicine

Christian Veterinary Mission exists to challenge, empower and facilitate veterinary professionals to serve others through their profession, living out their Christian faith.

Every year, people around the world struggle to survive because they don't have the right knowledge, skills and resources to care for their animals. CVM veterinarians live and work alongside these people to encourage them and provide them with not only much needed veterinary expertise, but also the hope that is found only in Christ. As friends and encouragers, CVM veterinarians build lasting relationships with individuals and communities, helping them be transformed through Christ's love. Christian veterinarians also serve through the profession at home, demonstrating Christ's love in word and deed.
