Independent Auditors' Report***Board of Trustees
CRISTA Ministries
Shoreline, Washington***Certified Public
Accountants
and Consultants

We have audited the accompanying balance sheets of Christian Veterinary Mission ("CVM"), a division of CRISTA Ministries, as of June 30, 2012 and 2011, and the related statements of unrestricted activities, changes in net assets, and cash flows for the years then ended. These financial statements are the responsibility of CVM's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of CVM as of June 30, 2012 and 2011, and the changes in its net assets and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information for the years ended June 30, 2012 and 2011, presented on pages 14 and 15, is presented for additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of the Organization's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

CHRISTIAN VETERINARY MISSION
(A Division of CRISTA Ministries)

Notes to Financial Statements
For the Years Ended June 30, 2012 and 2011

Note 1 - Nature of Operations and Significant Accounting Policies

Business Purpose and Organization - Christian Veterinary Mission ("CVM") is a division of CRISTA Ministries ("CRISTA"), a not-for-profit organization. CVM is involved in mobilizing veterinarians to live out their faith through the profession of veterinary medicine. Ministry activities include long-term and short-term mission service in developing countries, developing and distributing educational and training materials, and establishing and encouraging international fellowship groups, student fellowship ministries, and professional outreach programs.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents - Cash in excess of daily requirements is invested in interest-bearing instruments with maturities of three months or less. Such investments are considered to be cash equivalents, except for those included in CVM's investment portfolio and subject to its investment policy.

Receivables - Receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to receivables. For the years ended June 30, 2012 and 2011, there was no allowance for doubtful accounts.

Investments - Investments consist primarily of marketable debt and equity securities as well as other nonmarketable securities. Investments in marketable securities are stated at fair value. Investments in nonmarketable securities are stated at the lower of cost or net realizable value.

Concentration of Credit Risk - Financial instruments that potentially subject CVM to concentration of credit risk consist primarily of cash and cash equivalents and investments. Cash and cash equivalents and investments are held with a variety of financial institutions, and balances may at times exceed FDIC and SIPC insurance limits.

Basis of Presentation - Net assets, revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of CVM and changes therein are classified and reported as follows:

Unrestricted Net Assets - Unrestricted net assets include all net assets on which there are no donor-imposed restrictions for use, or such donor-imposed restrictions were temporary and expired or were met during the current or previous years.

Temporarily Restricted Net Assets - Net assets subject to donor-imposed restrictions that will be met either by actions of CVM or the passage of time. Temporarily restricted net assets at June 30, 2012 and 2011, are restricted for program activities and for endowment funds (Note 5).

Permanently Restricted Net Assets - Net assets subject to donor-imposed restrictions that they be maintained permanently by CVM. CVM had no permanently restricted net assets as of June 30, 2012 and 2011.

CHRISTIAN VETERINARY MISSION
(A Division of CRISTA Ministries)

Notes to Financial Statements
For the Years Ended June 30, 2012 and 2011

Note 1 - Continued

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets (i.e., the donor stipulated purpose has been fulfilled or the stipulated time period has lapsed) are reported as reclassifications between the applicable classes of net assets.

Revenues and Gains - Fees for service consist of revenues earned during the year. Contributions, including unconditional promises to give, are recognized as revenues in the period received. Contributions also include noncash gifts, which are valued at estimated fair value at the date of gift.

Gifts-in-Kind - Gifts-in-kind consists primarily of veterinary drugs, supplies, and text books, and are recorded at their fair value on the date of donation.

Functional Allocation of Expenses - The cost of providing program, fundraising and promotion, and management and general services of CVM has been summarized on a functional basis in a supplemental schedule to the financial statements. Accordingly, certain costs have been allocated between program services, fundraising and promotion, and management and general expenses based on usage, square footage, or direct identification.

Federal Income Taxes - The Internal Revenue Service (IRS) has determined that operations of CVM, as a division of CRISTA Ministries, are exempt from income taxes under Sections 501(c)(3) and 509(a)(1) of the Internal Revenue Code. Accordingly, no provision has been made for federal income tax in the accompanying financial statements. There are open tax years that are subject to IRS review; however, management has determined that no provision for uncertain tax positions is required at June 30, 2012 and 2011.

Subsequent Events - CVM has evaluated subsequent events through September 13, 2012, the date on which the financial statements were available to be issued.

Note 2 - Cash and Cash Equivalents

Cash and cash equivalents consisted of money market funds as of June 30, 2012, and money market funds and certificates of deposit as of June 30, 2011.

CHRISTIAN VETERINARY MISSION
(A Division of CRISTA Ministries)

Notes to Financial Statements
For the Years Ended June 30, 2012 and 2011

Note 3 - Investments

Investments consisted of the following as of June 30:

	<i>(In Thousands)</i>	
	<u>2012</u>	<u>2011</u>
Cash	\$ 58	\$ 19
Equity securities	447	174
Marketable debt securities	406	700
Nonmarketable debt securities	8	8
Total Investments	<u>\$ 919</u>	<u>\$ 901</u>

Impairment of Investments - In the fiscal year ended June 30, 2004, CVM invested \$50,000 with an investment company (the Company). During subsequent years, cumulative interest was added to the investment. In July 2010, CVM was notified that the Company had filed for bankruptcy. Based on information received from the bankruptcy trustee, management believes that \$8,000 of the total investment of \$92,000 is recoverable. Therefore, an impairment loss of \$84,000 was recognized during the year ended June 30, 2010. Any future recoveries or losses over or under the estimated recovery amount will be reflected as income or loss in the year received. During the year ended June 30, 2011, a plan was approved by the bankruptcy court for disposition of assets. The estimated recovery for CVM approximates the amount recorded as recoverable at June 30, 2012 and 2011. The actual disposition of the bankrupt estate will take several years to conclude.

Note 4 - Fair Value Measurements

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. These financial instruments were valued using a market approach.

CHRISTIAN VETERINARY MISSION
(A Division of CRISTA Ministries)

Notes to Financial Statements
For the Years Ended June 30, 2012 and 2011

Note 4 - Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2012 and 2011.

Mutual Funds - Mutual funds are valued at quoted market prices in active markets, which represent the net asset value (NAV) of shares held by CVM at year-end.

Annuity Contracts - Annuity contracts are valued based on the NAV of the contracts' underlying assets. The contracts are traded on private markets that are not active.

Fair Values Measured on a Recurring Basis - Assets measured at fair value on a recurring basis were as follows at June 30, 2012:

	<i>(In Thousands)</i>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds-				
Blended	\$ 97	\$ -	\$ -	\$ 97
International	25			25
Bond	334			334
Commodity	29			29
Total mutual funds	485			485
Annuity contracts			368	368
Total at June 30, 2012	\$ 485	\$ -	\$ 368	\$ 853

Assets measured at fair value on a recurring basis were as follows at June 30, 2011:

	<i>(In Thousands)</i>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds-				
Blended	\$ 16	\$ -	\$ -	\$ 16
International	7			7
Bond	371			371
Commodity	66			66
Total mutual funds	460			460
Annuity contracts			414	414
Total at June 30, 2011	\$ 460	\$ -	\$ 414	\$ 874

CHRISTIAN VETERINARY MISSION
(A Division of CRISTA Ministries)

Notes to Financial Statements
For the Years Ended June 30, 2012 and 2011

Note 4 - Continued

A reconciliation of the investments measured at fair value on a recurring basis to total investments is as follows at June 30:

	<i>(In Thousands)</i>	
	<u>2012</u>	<u>2011</u>
Assets recorded at fair value on a recurring basis	\$ 853	\$ 874
Assets recorded at cost-		
Cash	58	19
Impaired investments (Note 3)	<u>8</u>	<u>8</u>
Total Investments	<u>\$ 919</u>	<u>\$ 901</u>

A reconciliation of the beginning and ending balances of the annuity contracts for fair value measurements made using significant unobservable inputs (Level 3) follows at June 30:

	<i>(In Thousands)</i>	
	<u>2012</u>	<u>2011</u>
Beginning balance	\$ 414	\$ 370
Total (losses) gains	(46)	44
Purchases	1,418	1,073
Sales	<u>(1,418)</u>	<u>(1,073)</u>
Ending Balance	<u>\$ 368</u>	<u>\$ 414</u>

The annuity contracts generally have terms over the lives of the annuitants. The contracts allow for certain periodic withdrawals without penalty; however, the contracts may be liquidated at their cash surrender values, which approximates fair value, at any time. There are no unfunded commitments on the contracts at June 30, 2012 or 2011.

Note 5 - Endowment

CVM's endowment consists of individual donor-restricted funds established to support the work of CVM. These funds are temporarily restricted funds set up to function as an endowment but allowing for the possibility of spending of corpus, if necessary. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

CHRISTIAN VETERINARY MISSION
(A Division of CRISTA Ministries)

Notes to Financial Statements
For the Years Ended June 30, 2012 and 2011

Note 5 - Continued

The Board of Trustees of CVM has interpreted the Washington State Prudent Management of Institutional Funds Act (PMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. The fund is not required to be maintained in perpetuity and accordingly it is reported in temporarily restricted net assets. In accordance with PMIFA, the Organization considers the:

- Duration and preservation of the fund;
- Purposes of the Organization and the donor-restricted endowment fund;
- General economic conditions;
- Possible effect of inflation and deflation;
- Expected total return from income and the appreciation of investments;
- Other resources of the Organization; and
- Investment policies of the Organization.

Changes to temporarily restricted endowment net assets held are as follows for the years ended June 30:

	<i>(In Thousands)</i>	
	<u>2012</u>	<u>2011</u>
Endowment net assets, beginning of year	\$ 903	\$ 796
Endowment investment return-		
Interest and dividends	16	23
Realized and unrealized (losses) gains	<u>(52)</u>	<u>51</u>
Total endowment investment return	(36)	74
Contributions	<u>55</u>	<u>33</u>
Endowment Net Assets, End of Year	<u>\$ 922</u>	<u>\$ 903</u>

CVM has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment assets. The endowment assets are invested in a manner that is intended to produce an average annual rate of return of approximately 7%, or the Consumer Price Index plus a risk premium of 3%, whichever is greater, over a 5-year investment horizon in a manner that seeks to minimize principal fluctuations over the investment time horizon. Actual returns may vary significantly from this objective in any given year.

To satisfy its long-term rate-of-return objectives, CVM relies on a total return strategy in which investment returns are achieved through both capital appreciation, realized and unrealized, and current yield such as interest and dividends. CVM targets a diversified asset allocation to achieve its long-term return objectives within prudent risk constraints.

CHRISTIAN VETERINARY MISSION
(A Division of CRISTA Ministries)

Notes to Financial Statements
For the Years Ended June 30, 2012 and 2011

Note 5 - Continued

CVM has a policy of appropriating for distribution approximately 5% of the market value of endowment assets as of the beginning of the calendar year. In establishing this policy, CVM considered the long-term expected return on its endowment and its desire to maintain a predictable stream of funding to programs supported by its endowment assets. Accordingly, over the long-term, CVM expects the current spending policy to allow its endowment to grow at an average 2% annually. This is consistent with CVM's objective to provide real growth to its endowment through new gifts and investment returns. No amounts were appropriated for the years ended June 30, 2012 and 2011, because the organizational process for disbursement was completed in February 2012 with a plan to distribute such approved funds during the year ending June 30, 2013.

Note 6 - Commitments and Contingencies

Employee Retirement Benefits - CRISTA offers a Section 403(b) savings plan to eligible employees, including employees of CVM. Employees may contribute amounts from their salaries to the plan up to the limits specified by the Internal Revenue Service. CVM contributes 3% of the employee's earnings annually to each eligible employee's account. CVM matches up to 4% additional contributions to an eligible employee's account based upon years of service to CRISTA. Employer provided funds are vested to the employee at 20% per year until fully vested after five years. Total employer contributions for CVM employees for the years ended June 30, 2012 and 2011, were \$74,000 and \$73,000, respectively.

Contingencies - In the normal course of business, CVM has various claims in process, matters in litigation, and other contingencies. In management's opinion, the outcome from these matters will not materially impact CVM's financial position or results of activities.

Unrestricted Net Assets - CRISTA is based on a "One Mission" pillar (Note 7), and the CVM division's negative unrestricted net assets are combined with the net assets of the other CRISTA ministries, which are positive on an overall basis. Therefore, management has determined there is no liquidity or going concern risk for CVM.

CHRISTIAN VETERINARY MISSION
(A Division of CRISTA Ministries)

Notes to Financial Statements
For the Years Ended June 30, 2012 and 2011

Note 7 - Intra-Organization Transactions

In the normal course of business, CVM enters into transactions with CRISTA to maximize operating efficiency. Expenses related to these transactions are determined based upon actual costs related to the services provided. The following is a summary of expenses of intra-organization transactions with CRISTA as of June 30:

	<i>(In Thousands)</i>	
	<u>2012</u>	<u>2011</u>
Expenses-		
Fundraising	\$ 131	\$ 139
Accounting, donation receipting, and auditing	52	50
Computer services	39	32
Office space	42	37
Mail service	33	37
Personnel/legal services	39	33
Other	10	22
Total	<u>\$ 346</u>	<u>\$ 350</u>

Contributions Transferred from World Concern - Funds are raised in World Concern, another division of CRISTA, that at times, are more efficiently used through CVM. Therefore, contributions are occasionally transferred for use by CVM. These transfers were \$30,000 and are reflected on the statements of changes in net assets for the year ended June 30, 2012. There were no such transfers for the year ended June 30, 2011.

Transfer to CRISTA Ministries for Future Ministry Activity - As part of CRISTA's "One Mission" strategic pillar, CRISTA transfers to or from its ministries the net cash flow that each ministry generates during a fiscal year. This cash is then available for future ministry activity of each ministry as needed. Therefore, funds provided either to or from CVM are reflected as transfers on the statements of changes in net assets for the years ended June 30, 2012 and 2011. These transfers to CRISTA Ministries totaled \$25,000 and \$23,000 for the years ended June 30, 2012 and 2011, respectively.
